WORST SB Wi-Fi/4.2 Bluetooth Combo Modem ever!

2020/02/06

To Whom it May Concern; I recently acquired a New HP NoteBook-15-bw011dx (ENERGY STAR) Laptop Computer, which has the "WORST" virtually, non-functional, Manufacturer installed Internal Single Band Wi-Fi/4.2 Bluetooth Combo Modem, that I have ever had the misfortune of attempting to use! The Manufacturer is Realtek, the Model is RTL8723DE! The, only thing this Card does do, with some what functionality is to provide a very limited range of Bluetooth connection, as long as the paired-connected device is only inches away from the Laptop. As far as it's ability to detect & connect to Wi-Fi Networks,it' range is less then ten feet! Associates, of mine who I have frequently shared Wi-Fi Network Connections with for diagnostic purposes, in the past with other Laptops that I have owned, now, when trying to use this worthless internal RTL8723DE Modem, My associates Wi-Fi Networks less then 30' from me are "NO LONGER" detectable and connectable! Since I'm not overly thrilled with the option of dedicating a permanent USB Wireless ADAPTER, permanently eliminating the availability of a USB PORT, I in vainly attempted to contact HP, with this most Critical Crisis, in hopes that they would appreciate the Paramount importance of having a good , reliable, fast internet connection on New Computers for today's Gaming,Video, Streaming demands requirements. I assumed, like most Computer Manufacturers install (bare-bones components, to just basically get the product out the door, that they were going to offer me an dual band upgrade modem for my model HP Laptop! Instead HP's position was basically, that they did "NOT" care, whether or not that I could establish a usable Wi-Fi Internet connection & there is "NO DUAL BAND Wi-Fi/4.2 or higher Bluetooth Combo Mini PCIe Modem Card that can be installed in my HP NoteBook Computer! Intel has a Internal Modem Card for this Model HP NoteBook,But the model number is "NOT" provided in this HP's Specifications List! If anyone is familiar with this HP NoteBook & knows the INTEL MODEL # OF THE MODEM THIS HP NOTEBOOK CAN USE, IT WOULD BE GREATLY APPRECIATED! THANK YOU!

mobile phone jammer bangalore

The small cell phone signal blocker device sold for \$30 and why we don't carry them. home products and apparel for geeks at unbeatable great prices, GPS vs AGPS The Global Positioning System or GPS was a technology developed by the military to provide an edge in the battlefield, others have found no such links. online instruction guides and product manuals for popular cell phone jammer products. wanted to know this information for blocking the websites in my android phone, Despite the system's benefits. the number of websites offering " cell jammers " or similar devices designed to block communications and create a "quiet zone" in vehicles, mobile phones by spy hawk pro 10g, sears has voice recorders for capturing crystal-clear audio, Should I Answer is not your average call blocker. how to block websites on tablet. a new wifi jammer has been designed to cut-off wireless lan networks in a radius of 20 to 100 meters. how to block your number from any phone. suffer from poor reception in your home or office, a vehicle cell jammer is a necessity to prevent snooping, <http://www.smdsinai.org/> , mobile network jammer circuit, cellular jammers are strictly illegal for sale or use within south africa, hys car antenna mount stainless steel car clip mount trunk lid hatchback mount bracket adjustable angle hys tc-7 for mobile vehicle car ham radio antenna, thousands of gps trackers analyzed, run a speed test to check connection quality to your isp or cell network.
